STATEMENT OF FACTS

On January 1, 2025, at approximately 0236 hours, I was westbound on Main Street approaching Greenmount Avenue in the city of Springfield, Clark County, Ohio. I observed a 2017 silver Honda stopped at the traffic light. I looked over and observed aggressive movements within the vehicle; I turned around to observe further. As I began traveling back eastbound on Main Street, the Honda proceeded through the green lights. As I caught up with the Honda, I observed it was weaving within its lane, driving on the lane divider lines twice. The Honda then quickly turned right into a parking lot from the left eastbound lane without using a turn signal. I activated my overhead emergency lights to initiate a traffic stop. The Honda pulled into a parking space and nearly struck a tree.

The driver door opened and the male operator began getting out. I gave several commands for the driver to stay in the vehicle. The driver ignored my verbal commands and began digging around under the driver seat. The driver finally complied and sat back down in the driver's seat. As I approached, the driver began making furtive movements within the vehicle. I opened the driver door and advised the male operator, later identified as Bilal Issa Falah Alajalin, to put and keep his hands on the steering wheel. Mr. Alajalin was apologetic and repeatedly stated, "I'm not drunk." Mr. Alajalin initially complied but began rummaging through the vehicle. I then asked Mr. Alajalin to exit the vehicle. When asked, Mr. Alajalin retrieved his driver's license from his wallet but then dropped it on the ground. When asked, Mr. Alajalin stated he was headed home to Columbus, Ohio.

A consensual pat-down was completed. While talking to Mr. Alajalin away from his vehicle, the odor of an alcoholic beverage coming off his person was strong. I noticed that Mr. Alajalin's eyes appeared glassy. When asked, Mr. Alajalin initially stated he hadn't consumed any alcoholic beverages, but then changed his answer to one shot.

There was a minor language barrier between Mr. Alajalin and me. Prior to completing any standardized field sobriety tests, I asked the pre-medical questions. Mr. Alajalin denied wearing glasses, contact lenses, or taking any medications.

Horizontal Gaze Nystagmus test: With Mr. Alajalin in the correct stance, I placed the tip of my ink pen approximately 12-15 inches from Mr. Alajalin's face. I observed both pupils were equal in size. When I asked Mr. Alajalin if he understood the instructions, he expressed that he spoke little English. I attempted to check for equal tracking, but Mr. Alajalin kept moving his head. Due to Mr. Alajalin's inability to understand the instructions, I discontinued the test.

I escorted Mr. Alajalin to the patrol car and requested he have a seat. I obtained a preliminary breath test (PBT) sample. I explained the instructions to Mr. Alajalin, and Mr. Alajalin got argumentative with me and kept trying to push his way past me. The PBT provided a result of BrAC=0.221g/210L.

I advised Mr. Alajalin to exit the vehicle and place his hands behind his back. I grabbed Mr. Alajalin's right wrist and attempted to turn him toward my patrol car to apply the handcuffs. Mr. Alajalin kept moving around, making it difficult for me to get both of his hands behind his back. Mr. Alajalin kept arguing, so I briefly sat him back in my patrol car. As I removed my handcuffs to put them on, Mr. Alajalin pulled away from me, causing me to drop my handcuffs. Mr. Alajalin attempted to flee but tripped and fell backwards. I got over the top of Mr. Alajalin and repeatedly gave commands to place his hands behind his back. I rolled Mr. Alajalin onto his stomach and requested additional units, but he continued to refuse to place his hands behind his back. Mr. Alajalin was verbally warned he would be tased. I was able to secure both of Mr. Alajalin's hands behind his back. I moved Mr. Alajalin closer to where my handcuffs were on the ground. I was able to secure the right handcuff on the right wrist before Mr. Alajalin started to resist again. Mr. Alajalin pulled away, stood up, and pushed me away with his left hand. I drew my Taser and attempted to incapacitate Mr. Alajalin as he ran away; the initial deployment was unsuccessful. I deployed the Taser a second time and successfully incapacitated Mr. Alajalin, causing him to fall to the asphalt pavement. When Mr. Alajalin fell, he briefly lost consciousness. I was able to handcuff both of Mr. Alajalin's hands behind his back. I made sure Mr. Alajalin was still breathing, as I could hear him snoring. I immediately requested EMS to the scene.

While waiting for additional units and EMS, Mr. Alajalin's female passenger, Alexandria, got out of the vehicle and began questioning what happened. I repeatedly ordered Alexandria to have a seat back in the vehicle, and she would not comply. An unknown white male also approached on foot and demanded I render medical aid and attempted to converse with Alexandria. As Mr. Alajalin regained consciousness, I advised him to sit up. I observed that Mr. Alajalin did not sustain any significant injuries. I assisted Mr. Alajalin in getting up. I escorted Mr. Alajalin to my patrol car. I verbally advised Mr. Alajalin of his Miranda rights. I stood with Mr. Alajalin until Sergeant D. Norris from the Clark County Sheriff's Office arrived on the scene. A search incident to arrest was completed. I removed the Taser probes from Mr. Alajalin's upper right shoulder and his lower left thigh. EMS arrived on scene and medically cleared Mr. Alajalin. I observed that Mr. Alajalin had an abrasion on his left temple area, and he declined EMS transport.

While I conversed with Alexandria, who was seated in the vehicle, Mr. Alajalin kept hitting his head on the backseat patrol car partition. I requested the next available tow truck to come and retrieve the Honda from the parking lot. While waiting on Shield Towing, I completed the administrative vehicle inventory. During the administrative inventory, I located a male genital-shaped glass container that had a brown liquid. The liquid had the odor of an alcoholic beverage.

Sergeant D. Slanker remained on the scene with the vehicle, and I transported Mr. Alajalin to the Clark County Jail. Upon arrival, I showed and read the Ohio BMV Form 2255 to Mr. Alajalin, which was witnessed by Clark County Correction officer Zachary Turner. Mr. Alajalin consented to a chemical breath test with a result of BrAC=0.210g/210L.

Mr. Alajalin was issued a citation and incarcerated in the Clark County Jail on the following offenses:

- 4511.33- Failure to drive in marked lanes
- 4511.39- Turn signal
- 4510.12- No driver's license
- 4511.19(A)(1)(a)- OVI- Officer Observations
- 4511.19(A)(1)(h)- OVI- BAC of .17 or higher
- 2921.33- Resisting arrest

Mr. Alajalin was provided copies of the required paperwork and given a mandatory court date of Thursday, January 2, 2025, at 10:30 a.m. in the Clark County Municipal Court.
